

Rutgers Center for Lipid Research Symposium

Friday, November 10, 2023

9:00 AM – 4:00 PM (lunch included)

NJ Institute for Food, Nutrition,
and Health, Room 101
61 Dudley Road, New Brunswick, NJ

Hosts:

Joe Dixon Ph.D., Loredana Quadro, Ph.D., Judith Storch, Ph.D.

Registration link: <https://forms.gle/wmoUucsMMmyqF7QbA>

9:00 am	Laura Lawson , Ph.D., Executive Dean, Rutgers School of Environmental and Biological Sciences George M. Carman , Ph.D., Director, Rutgers Center for Lipid Research	Welcome and Introductions
9:15 am	Li-Na Wei , Ph.D. University of Minnesota	Non-canonical Signaling of Retinoic Acid Mediated by CRABP1 in Health and Diseases
10:00 am	Sylvia Christakos , Ph.D. Rutgers University, Newark	New Insights into Vitamin D Receptor Signaling in Mouse and Human Intestinal Biology
10:45 am	Break	
11:15 am	Danny Manor , Ph.D. Case Western Reserve University	Recent insights into the Actions, Transport, and Regulation of Vitamin E
12:00 pm	Lunch and posters – 2 nd Floor of IFNH	
2:15 pm	Kathleen Berkner , Ph.D. Cleveland Clinic	Vitamin K mediates the Activation of Proteins whose Functions are Essential for Health and Disrupted in Disease
3:00 pm	Igor Shmarakov , Ph.D. Rutgers University, New Brunswick	A Cellular Dissection of Vitamin A Metabolism in the Lung
3:45 pm	George M. Carman	Awards and Carman Prize in Lipids
4:00 pm	Adjourn	Reception
